

## MAX CLIMBER 2000P RACK & PINION PERSONNEL HOIST

For more than 20 years, *Beta Max* has provided safe, reliable material and passenger lifting solutions to the construction, maintenance, and restoration industries.

### Product & Safety Features:

- Each 5 ft. galvanized mast section weighs just 95 lbs. and is easily installed with four bolts
- Totally enclosed passenger cabin offers interlock switches tied to floor landing gates to detect when it is safe to enter and exit
- Call box feature at each floor landing gate allows cabin to be called to a specific floor and stop at pre-set levels with no operator necessary
- Floor stop mechanism inserted in mast section at the desired stop height allows cabin to travel to floor and stop automatically
- Installation platform for installing and anchoring mast
- Screw jacks for easy and fast leveling of base unit
- Passenger cabin holds 2000 lbs. or a maximum of 7 people
- Cabin entry and exit doors are movable to accommodate various site installation requirements
- Door openings are 38 in. x 90 in.
- 110 volt service outlet provided on board
- System can be changed to material hoist with basket
