Control your work flow, schedule, and budget with the fastest, most consistent material delivery on the market with Beta Max™ high speed hoists

**KEY FEATURES**

- Ideal for heavy-duty, high lift projects
- Long lasting performance with minimum maintenance required
- Confined and hard to reach spaces made easy with a portable hoist
- Safe and efficient alternative to rope & pulley systems, cranes, and forklifts
- Installs easily on existing scaffold systems, work platforms, I-Beams, and rooftop mounting options
- Easy Cable Replacement (Beta Max™ provides clamps and crimp)
- Optional Scaff-Trac Mounting System provides a standardized and complete lifting solution engineered for easy installation every time

**SAFETY FEATURES**

- Water Tight Connectors
- Failsafe brake holds the load securely when not lifting or lowering- loads are powered up and down, no free-falling or slipping
- Non-rotating cable helps keeps loads from spinning
- Upper-limit Switch Assembly stops the hoist instantly when activated
- Sturdy Electrical Controller equipped with thermal overload sensing device

**INDUSTRIES SERVED**

- Scaffolding • Masonry • Stucco
- Glazing • Demolition • Restoration • Construction
